Miscellaneous -- PDB was delayed by lack of a FRENCH player. ##### PDB, PUC, PVC,
PWC, PXC, PYC, and PZC, as well as retreats, builds, and removals for games in this
zine, will be published in DIPLOPHOBIA #20, out around 15 Feb. We are in the pro-
cess of shifting some games around between magazines in order to expedite the games
we are running; we anticipate getting DIPLOPHOBIA onto a bi-weekly schedule, with
games therein published in two weeks if players can get their moves in by then, and
four weeks otherwise; only two weeks will be allowed for retreats, builds, and re-
movals from now on, to speed things up. Other changes will be announced later. #####
There is some question as to whether Rothenberg (TUR) is playing in PUC; replacement
player urgently needed (no fee). ##### There is also some question as to whether
Leitch (ITA) is playing in PWC; replacement player urgently needed -- although Ken
Levinson may have this position if he speaks up for it before Feb. 13. ##### PXC
moves for SPRING, 1901 are due Tues., Feb. 27 (noon); WINTER, 1900 propaganda is due
Tues., Feb. 13 (noon) (WINTER, 1900 prop. is, of course, optional). PXC players are:

Propaganda --

Berlin -- France: I admit that I took Belgium, but I'm soon to be engaged in a life-and-death struggle. Anyway, peace so you can bomb Italy. Peace with England too. I'll give you back Belgium as soon as the emergency is over.

Berlin -- We all must realize that this turn there are going to be innumerable double-crosses.

Ce Globe, 10 août, 1902 -- «Après avoir rejoint le kaiser à Ems, les quatre espions italiens firent savoir leur identité. En célébrant leur coup diplomatique ils participèrent dans un jeu de Whist, et burent du bon vin du Rhin. Et ensuite un beau vendette italien!

«Vous avez lâché cette carte! dit l'un. -Mais vous ne l'avez pas vue» dit son adversaire, en tirant son revolver. Mais le partenaire du premier joueur poussa l'autre, lui faisant sortir par la fenêtre. Le premier joueur tira son couteau et coupa la gorge de l'autre ennemi.

Mais en sortant par la porte, le coupe-gorge fut écrasé par une pièce de bois que le «gamin» a desserrée pour lui. Le quatrième, un peu épouvanté, eut une attaque au coeur.

Les autorités allemands trouveront cette note: Notre roi, il est inutile d'attaquer la France à cause de la loyauté du kaiser à la France. Stupides italiens!))

Traduction: Italy, if you think you can take me on avec deux fleets, you've got rocks in your head!

Constantinople -- The unceasing efforts of the Ottoman Empire to free the oppressed land of Greece are at last bearing fruit. Turkish and Free Greek armies, fighting down from the north and east, and the Turkish navy, island-hopping across the Aegean, have combined to subjugate most of Macedonia. It is hoped that Athens will fall by Christmas. If it does and the tyrannous Habsburgs are removed from this free land, the rightful King of the Greeks will be re-established as ruler of all Greece under Turkish protection.

Oran, North Africa -- At 6:00 a.m. on the morning of March 28, 1902, a number of reliable witnesses reported having seen a fleet of warships sailing under the cover of fog (leaving a trail of green slime -- it is believed that there is some prejudice in this statement). Experts believe that there is some kind of political skullduggary connected with this event!

Rome -- Constantinople: Please do not be alarmed once again by the presence of an Italian fleet in neutral waters. In the event that you double-crossed me this turn, it is merely there to seek revenge. If you did not double-cross me, the fleet shall be withdrawn immediately. It's the only way to keep everybody honest, you know!

Skopje -- The Ottoman Empire formally challenges the King of Austria to a duel. This duel would take place on a neutral ship in a neutral sea. Your Majesty may have His choice of weapons. We suggest as stakes the overlordship of our respective domains...that is, the Ottoman Empire for both the Kingdoms. Of course, if Your Majesty is unable to command the overlordship of a friendly port from which to embark....

NSG -- London: A very interested party would like to see you turn your forces south against France. If you should do so, this party would immediately rally to your support.

Propaganda --

Germany -- A-H: Thanks.

Germany -- Fritz (wherever you are): Upon not hearing any response from England, Germany prepares herself for the war with England which France has wanted for so long.

Propaganda --

Berlin -- In a reply to the Austrian and Turkish ambassadors, the Kaiser today declared that, "It is not in the national interests of so strong and viable a state as modern Germany to ally itself to a corpse." The conduct of the war in the east, in conjunction with Italy, bear out the words of the Kaiser.

Italy -- The Mediterranean is our lake.

London -- Upon not receiving any sort of apology, treaty or other compromise from France, England hereby declares total war on France.

Trieste -- World: Here I sit in mean distress,
Hoping that someone will regress,
My Plans for the future were all in vain
As silently I mutter, "Oh the Pain".

Vienna -- Russia: Regardless of appearances I am not going to attack you, and as soon as I can I will help you against the yellow menace.

(Oops!) Turkey -- England: The weather seems foul, n'est-ce pas.
